EDUCATION

- **VIT Bhopal University** Bhopal, India
B.Tech in Computer Science (AI & ML) — GPA: 8.96 2023 – Present
- **Pt. D.M. Mishra Memorial Public School** Kanpur, India
Class XII – 86.6% 2022

EXPERIENCE

- **Software Engineering Intern – FOSSEE, IIT Bombay (Osdag)** Remote
LCCA Team — Python, PyQt, OpenCascade, SQLite Feb 2026 – Present
 - Contributed to Osdag, an open-source structural engineering software, collaborating with a distributed team of developers in an Agile-driven environment.
 - Engineered the **Life Cycle Cost Assessment (LCCA)** module utilizing Python and **SQLite** (relational database) to evaluate long-term structural costs and optimizations.
 - Executed software solution design, GUI enhancements, and technical troubleshooting to improve overall system stability and performance.
 - Participated in peer code reviews and technical documentation, ensuring the delivery of secure, high-quality code against defined software architectures.

PROJECTS

- **Wave Academy** May 2026
React, TypeScript, Supabase, Firebase, Tailwind CSS
 - Developed a full-stack educational portal supporting **1500+ students**, featuring a public site for enrollment and a private admin dashboard for course management.
 - Architected a dual-backend system using **Supabase (PostgreSQL)** for structured data and **Firebase** for real-time content, optimizing data fetch speeds by **40%**.
 - Engineered a bulk data processing engine using the **xlsx library**, enabling teachers to upload **100+ test results** via Excel in seconds, reducing manual entry time by **80%**.
- **Code Reviewer AI** Dec 2025
React, Express.js, Google Gemini API
 - Engineered an AI code review platform analyzing **1000+ lines/session**, reducing review errors by **30%** and automating SDLC tasks.
 - Integrated Google Gemini API to evaluate architecture and secure coding practices, delivering insights in under **3 seconds**.
 - Built a scalable full-stack architecture supporting **50 concurrent users** with efficient API handling and CI/CD practices.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, HTML, CSS

Cloud & Databases: AWS (S3, VPC, CloudWatch), SQL, SQLite, MongoDB

Frameworks/Libraries: React, Node.js, Express.js, Flask, FastAPI, scikit-learn, PyQt

Core CS & Practices: Data Structures, Algorithms, Agile/CI-CD, SDLC, REST APIs, Application Security, System Design, Object-Oriented Programming

ACHIEVEMENTS

- Top 10 Finalist – HackMol 6.0 Hackathon (NIT Jalandhar): Collaborated in a fast-paced team environment to build and deploy a technical solution within 24 hours.
- MERN Full Stack Certification – Ethnus
- Completed 100 Days Coding Challenge (LeetCode)
- Ranked among top performers in placement coding screening (423+ students)

LEADERSHIP

- **Co-Lead – Insights Club** VIT Bhopal
Organized technical and AI sessions for 200+ students 2025 – Present
- **Placement Coordinator – PAT Team** VIT Bhopal
Managed placement operations for 450+ students 2024 – Present
- **Captain – NCC Air Wing** 3 UP Squadron
Selected for RDC and BCC camps 2018 – 2020
